

AstroTurf

Astroturf flooring has been manufactured to the highest standards, using our unique weaving pattern that ensures the turf stays in a fully upright position. It can withstand up to 250kg prowler sled workout.

Designed as an athletic track with lines in white turf, it is perfect for long term indoor use, especially for Functional Training exercises such as push sled, running, sprints, slam ball, etc.

COMPOSITION

Fibrilated yarn, 5/16 gauge, GeoTextile, Coating SBR Latex

SPECIFICATIONS

Usage	Indoor
Size	200x1000 cm
